Black Tartarian	Lambert
Yellow Spanish	Napoleon
Golden Wax	Windsor

A National Scarcity of Fruit Trees

There is a drastic shortage of fruit trees throughout the nurseries of the United States; as a matter of fact, the smallest supply available for Fall 1946 and Spring 1947 orchard plantings that there has been at any time during the past fifty years.

A recent national survey shows that fruit trees will be even scarcer during the next coming two years than now. Play safe—act quick—place your order now while trees are available.

Grow Better Fruit with Harrison's Select-Certified Trees and Plants

TRUE TO NAME

The World's Foremost Fruit Variety Identification Specialists Have Examined Harrison Grown Trees and Pronounced Them True-To-Name

In addition to carefully selecting the propagating wood from bearing trees of superior strains, we have also employed the services of Dr. A. P. French, Dr. O. C. Roberts and Dr. L. Southwick, Professors of Pomology of Massachusetts State College, Amherst, Mass. These men are the world's foremost fruit identification specialists and they have pronounced our trees true to name.

3 to 4 feet	Each	3.75

ALL EVERGREENS—MOSS BALLED

All evergreens are taken up expertly to secure the tender roots, the soil removed, and then the roots dipped in Transplantone and balled and wrapped in wet moss. By this method we are now able to eliminate 50 to 60 pounds of soil, making low cost express shipments possible. This method also insures excellent growth and quicker roots action. In planting, remove wrapping and use moss in hole around roots. If desired balled in soil and burlapped add \$1.50 per plant to cover additional cost of handling and special packing.

Hansen's Improved

Bush Cherry

An Ornamental shrub producing delicious fruit. Very easy to grow, highly productive and hardy. The fruit is large, black and sweet, wonderful to eat right from the bush. Introduced by Dr. Hansen of the South Dakota Experimental Station. Leaves are silvery green, turning to red in autumn. Attractive white blossoms add to landscape effect.

3-yr. Bushes, Bearing Size\$1.50 each
